PROFILE

Results-driven Data Scientist skilled in transforming complex data into intelligent, business-focused solutions through machine learning and predictive analytics.

EDUCATION

Sir Syed University Karachi

Karachi, Pakistan

Bachelor of Science in Cloud Computing

2025 – 2028

- Among the top 5% of the batch
- Relevant coursework in [Data Science, ML, AI, Cloud Computing, Database System and Data Analytics etc.]
- **Matriculation**, Federal Board (FBISE) — **2023**
- **Intermediate**, Board of Intermediate Education (BISE) — **2025**

SKILLS

Technical: SQL, Python, Statistics, ETL, Data Visualization, Machine Learning, Deep Learning, NLP Gen AI.

Tools: Tableau, Power BI, Excel, Seaborne, Matplotlib.

CERTIFICATIONS

- AI & Data Science Certification
- **Internship** – Hex software
- **Data Camp:** Introduction to Python, Intermediate SQL
- **Snowflake:** Badge 1 & 2

EXPERIENCE

Company-Name: Hex Software-Internship

ramadevi Kanpur, India

Data Scientist

25-Dec-to-25-jan

- Developed machine learning models for predictive analytics.
- Processed and analysed large datasets to extract insights.
- Built data visualizations and dashboards for business reporting.

PROJECTS

I am Working on Many Dataset etc some of few .

Cat vs Dog Classification using CNN-2026

- Built a deep learning model using CNN to classify cats and dogs images.
- Used Python, Tensor Flow/Keras, and image pre-processing techniques.
- Achieved accurate image classification with optimized model performance.

Kaggle Machine Learning Projects | 2025 – 2025

- Built multiple machine learning models on Kaggle datasets for prediction and analysis tasks.
- Applied data pre-processing, visualization, and model evaluation techniques.
- Gained hands-on experience with Scikit-learn, Pandas, NumPy, and Matplotlib.

Car Rental Management System | 2025

- Developed a Python-based car rental system for booking and vehicle management.
- Used Python and file handling concepts to manage customer and rental records.
- Automated rental operations and improved record management efficiency.
